

*Simone Zampieri*

*Veterinarian with extensive experience in Regulatory Affairs and Veterinary Clinical Research, built throughout a career in multinational companies, starting with an early role at a regulatory agency 23 years ago. She works strategically in the preparation of regulatory dossiers, interaction with authorities (especially MAPA), and assessment of risks and opportunities for the business, with strong ability to coordinate across technical, legal, and commercial areas. Her work is focused on enabling and sustaining the portfolio, contributing to assertive decision-making in a dynamic and challenging regulatory environment.*
